Quilting in the New Age, Quilt Display in Mount Shasta Community Building
by Valerie Voght

***Notes**

1. René Jenkins is a multi-instrumentalist, ceremonial sound practitioner, speaker, teacher and professional musician for over 25 years. As a Ceremonial Sound Practitioner & Healing Performance Artist, René performs “healing concerts” using sound healing practice that employs the subtle energy principles of intention and sound for well-being. René conducts sound healing ceremonies with ancient indigenous instruments and shares their historic metaphysical attributes to individuals and groups.

Janet Janay Cipriani is a Certified Angel Therapy Practitioner® as trained by Doreen Virtue. She has a healing practice in Sonoma, CA called Divine Connections. An amazing clairvoyant and clairsentient, Janay is an intuitive, medium, sound healer and Angelic Reader who uses her gifts to offer guidance, insight, and energy healing. Working together, René and Janet raise well-being and the vibration of consciousness through intention and sound.

2. Holy Spirit Soul-Raising Sessions in-person with David Christopher Lewis: Receive a direct blessing and personal teaching as the Holy Spirit overshines David. The tremendous power of the release of light will afford you relief from ancient patterns and records lodged in the subtle fields and folds of your subconscious and unconscious mind and being. You will experience change, transformation and elevation. As the Holy Spirit performs this alchemy with your soul, the wave patterns of light released through the agency of the Holy Spirit will be such that you will receive initiatic cycles of light. Please see Patricia Mills to schedule an appointment before, during or after the conference.
3. Nicolas Carter was raised in Paraguay where he learned to play the Paraguayan harp, the national folk instrument. He has been composing, recording and performing harp music for more than 20 years and has recorded nearly a dozen albums in the United States, Europe and South America, both as a solo artist and with Latin American and world music ensembles.

Nicolas finds inspiration for his original compositions from observations of nature and in precious moments of everyday life. His performances integrate harp music with these observations and

reflections on culture, often with a hint of humor, to create a warm and inviting experience for audiences. He is an often-featured concert performer and master teacher at national and international harp festivals.

4. Surya yoga is an advanced yoga technique which assists an individual to obtain energy and food from sun rays and gradually to merge with high levels of consciousness. Ronald will teach the introductory exercises developed over the years by Yogiraj Siddhath, a disciple of Babaji.
5. Paneurhythmy (pan-u-rith-mee), a system of musical physical exercises traditionally performed in the morning in the open, is a circle dance integrating music and poetry, movement and thought in a harmonious unity. The meditative movements set to sacred music were created and introduced by the Bulgarian master, Peter Deunov, between 1932 and 1942. In his own words, he describes this all-encompassing science by saying, "...I have placed in your hands [Paneurhythmy], the key to my Teaching. If you dance the Paneurhythmy correctly, the positive forces of Nature will flow through you and connect you with one another and connect all of you with the unbounded Cosmic Circle of Great Beings."
6. GoldenWave is a groundbreaking EMF Transforming device that changes 100% of harmful man-made electronic energies into beneficial bio-compatible energies. It makes you much more resistant to any stress and provides a broad spectrum of well-being benefits. Franck Thieblot will give simple, practical tips about how GoldenWave relates to everyone's daily life.
7. Vaastu Temple Deva Letters: Please write a letter to the temple deva, Hermes. You might have time to write this letter after lunch and before you arrive at the temple. David said that this letter is different than a Karmic Board letter because rather than asking for something, you could offer something, such as service, love, prayer, as a gift to God for the deva and her work. We will present our letters as part of the Space of Love Gift-Giving Ritual.
8. Space of Love Gift-Giving Ritual: Similar to the marriage ritual as described in the Anastasia Ringing Cedars Series, Book 6, *The Book of Kin*, when the community joins together to build a future home for the couple, you are encouraged to bring a gift from your heart that will remain on the property to honor the temple deva. We will have some new plants available, chosen as part of the master plan for the temple property and special rocks that will surround the temple. We may have time to plant and place some of these. You may also bring crystals. A gift of fruit to contribute to our community meal is another gift idea. Thank you for coming and sharing your presence and love with Hermes and assisting us to fulfill the ascended masters' plan for our temple.
