of the Five Secret Rays**

3.001

Om Mani Padme Hum AUM

1. I am the light of Elohim's quintessence glowing clear.
Your solar-crystal rays upon the earth now flowing here.
O Astriel, Aspira, *blaze** all with your secret rays!
O Astriel, Aspira, all upon the earth now raise!
2. Transmute, transform, replenish, raise each solar child of light.
Awaken and remind each heart of its own Presence bright.
O Regiel, Capella, *laze* all with your secret rays!
O Regiel, Capella, all within the water raise!
3. As you sustain the inner worlds unseen by mortal eyes.
Attune our higher senses now as God we realize.
O Oriel, Divina, *'maze* all with your secret rays!
O Oriel, Divina, all within the air now raise!
4. The Mother's love comes to the fore, her ways revealed to all.
The mystic path we walk with you as secret rays enthrall.
O Persiel, Delfina, *phaze* all with your secret rays!
O Persiel, Delfina, all within the fire now raise!
5. I am the fire of Elohim's quintessence always near.
Your ever-changing crystal light now blessing, flowing here.
O Matriel, Vagela, *glaze* all with your secret rays!
O Matriel, Vagela, all within the ether raise!

Om Mani Padme Hum AUM

*The master El Morya asked that the letter Z instead of S be used for certain words in this prayer: laze (laser), phaze (phase), along with the other Z-words used: blaze, 'maze (amaze) and glaze, in order to anchor the Z ray.
