

Reactivation of the Cosmic Violet-Ray Generator

5.001

(To be given during each Saturday evening Freedom Service
and daily as you are able)

We call to beloved Saint Germain and Portia and to the Great Divine Director, who granted this dispensation, for the reactivation of the cosmic violet-ray generator placed in the Gallatin Valley area of Montana and fashioned by the very hands of the Elohim Arcturus and Victoria. Deliver now to Earth a radiance of fire normally reserved only for those cosmic sending stations within the very retreats of the Elohim themselves. Accelerate the energy pouring forth from this violet-ray focus to bless all sentient life in this valley and throughout the entire continent of North America and the Western Hemisphere.
