

## Mitigation of Earthquakes and Volcanic Activity

In the name I AM THAT I AM, my beloved Holy Christ/ Buddha Self and Holy Christ/Buddha Selves of all lightbearers throughout cosmos, we call now to the heart of the Great Central Sun, beloved Alpha and Omega, Helios and Vesta, Hercules and the Seven Mighty Elohim, Himalaya, Vaivasvata Manu, the God and Goddess Meru, the Great Divine Director, Saint Germain and El Morya for the stabilization of the western coast of the United States, Canada and Mexico, including the following fault zones:

San Andreas, Elsinore, Newport-Inglewood Rose Canyon, San Jacinto, Puente Hills, Sierra Madre-Cucamonga, Santa Inez, Calaveras, Hayward-Rogers Creek, Mendocino, Cascadia Subduction Zone, offshore fault systems, the New Madrid fault zone in the Mississippi River Valley, and other geologically unstable areas, known or unknown, and for the prevention or mitigation of earthquakes, floods and volcanic activity in and around California, Oregon, Washington, Alaska, Hawaii, Yellowstone and the Mississippi River Valley and elsewhere around the world.

Surya, Cuzco and mighty Cosmos, send forth blue lightning, violet lightning and your five cosmic crystal rays now into the very Earth itself to seal the cracks and fissures and to create a gelatinous effect around the San Andreas Fault, the New Madrid Fault, the Cascadia Subduction Zone and related structures, releasing the energy in small increments for the prevention of serious earthquakes. We call for readiness on the part of all lightbearers and for each to have that listening ear to know exactly how to respond to the voice of God that may speak to their hearts. Help every lightbearer to be in the right place at the right time and to respond to this call and accelerate their prayers.

Beloved Lanello, stabilize the Earth using your Causal Body, just as you offered yourself through your ascension to hold the balance for the Middle East.

Beloved Virgo and Pelleur, Neptune and Luara, Aries and Thor, and Oromasis and Diana, direct the gnomes, undines, sylphs and salamanders to come to the aid of mankind where that aid is justified through prayer, invocation and sacrifice. We direct and visualize gnomes to stabilize the San Andreas Fault, the Puente Hills Fault, the New Madrid Fault and those specific areas of geological hazard.

Let all elemental life be buoyed up through the action of the violet and blue flames woven into a cosmic spiral now! Beloved angel servants, thrust this spiral deep into the Earth for 100 miles as caverns, cracks and fissures fill with violet fire reinforced with blue lightning for the stabilization of the Earth, beginning from under the central and northern areas of California, ascending into Oregon, Washington, Alaska and Canada and descending down to the tip of Baja California; and beginning from under the Mississippi River Valley in the Midwest Region, ascending into St. Louis and Chicago and into Canada and descending down to New Orleans and the Gulf of Mexico.

O Buddha of the Ruby Ray, anchor your light deep within the Earth and extend the action of ruby fire and the reinforcement of the Elohim's ruby rods and cones placed deep within the Earth.

Beloved gnomes, we give you the authority of our own Holy Christ/Buddha Selves and our threefold flame to act when and where required. By the action of the crystal ray, purify the Earth body itself at all levels. Alpha and Omega, radiate forth cosmic rays from the sun of even pressure in the center of the Earth out to the crust and beyond to nourish and sustain all life.

Mighty Cosmos, deliver crystal-ray action deep within the Earth through our hands and feet now! Beloved elementals, accelerate the Sun Presence of love within all life that Earth may become Freedom's Star, a crystal star-fire diadem for Alpha and Omega within this solar system. We love you, dear elementals. We call to you, we sing to you and we dance with you. We thank you for desiring to see a golden age dawning upon Earth whereby the liquid-crystal light that we invoke daily is a permanent focus for all of Earth's evolutions to experience.

Beloved Virgo and Pelleur and hierarchs of the elementals, as we step outside each morning and breathe in the fresh air, we whisper a prayer for you to send thousands of elementals to serve mankind. For through the love of your hearts and ours entwined, the angels, masters and cosmic beings work miracles on Earth. We are grateful for you all! Amen.
