

In the name I AM THAT I AM, my beloved Holy Christ/Buddha Self and Holy Christ/Buddha Selves of all lightbearers throughout cosmos, beloved Alpha and Omega, Helios and Vesta, mighty Cosmos and the Great Central Sun Magnet, mighty Astrea and Purity, Archangel Michael and Faith, Hercules and Amazonia, Mother Mary, Kuan Yin, Jesus and Magda, the Buddha of the Ruby Ray, the Violet Ray and the Golden-Pink Glow Ray, Padre Pio, Rose of Light, Charity, Surya and Cuzco, Lanello, K-17, Kali, the Buddha Mother and all true messengers of God, all ascended and cosmic beings, legions of angels and archangels, Elohim, Buddhas and bodhisattvas of heaven, gnomes, undines, sylphs and salamanders, I pray:

Dressed in the full armor of the angelic hosts and sealed in my crystal-diamond tube of light, I call to the Great Central Sun Magnet and the violet pure-joy flame to dissolve all plots to unleash uncontrolled nuclear energy. Beloved Maximus, I visualize the horizontal figure-eight flow of light and invoke your infinite energy to balance all in the Earth.

Astrea and Purity, encircle each site, facility, reactor, waste dump and transportation route with your circle and sword of blue flame. Beloved Saint Germain and Portia, protect the proper usage of all radiant energy at the following sites:

**Research facilities:** Argonne National Labs near Darien, Woodridge and Lemont; Fermi Lab in Batavia.

**Operating reactors:** Braidwood I and II, 20 miles southwest of Joliet; Byron I and II, 17 miles southwest of Rockford; Clinton I, 6 miles east of Clinton; Dresden II and III, 9 miles east of Morris; LaSalle I and II, 11 miles southeast of Ottawa; Quad Cities I and II, 20 miles northeast of Moline.

**Closed reactors:** Dresden I, Zion I and II, University of Illinois TRIGA research reactor.

**Planned new reactor:** Clinton II.

**Nuclear fuel production sites:** Honeywell Specialty Chemical Plant in Metropolis; Paducah Gaseous Diffusion Plant in Paducah, Kentucky just across the Ohio River from Illinois.

**Nuclear waste dumps:** GE Morris Operation, Sheffield Waste Dump, Manhattan Project Wastes in Palos Forest Preserve, spent fuel at Illinois reactors.

**Contaminated sites:** Kerr-McGee Kress Creek, Reed-Keppler Park, Kerr-McGee Sewage Treatment, Kerr-McGee thorium tailings and homes built over them in West Chicago; Radium Dial Company and Luminous Processes Inc. in Ottawa.

**Waste transportation routes:** Yucca Mountain, Nevada; Interstates 24, 55, 57, 80 and 90; Norfolk Southern Railroad; Southern Pacific Railroad; CSX Railroad; Atchison, Topeka and Santa Fe Railroad; Chicago and Northwestern Railroad; Conrail; and Grand Trunk Western Railroad.

Let God's holy will, wisdom and love be done as we give our prayers to this end to Archangel Michael and the blue-ray masters, mighty Cosmos, the Buddha of the Ruby Ray and Saint Germain. Amen.
