

1. Give “*Surya, Cuzco, Clear the Way!*” (10.006) for 15 minutes.
2. Give “*Perfect Vision*” (50.001) and call for the exposure of the intrigue of the Chinese Communists and their specific plots and plans.
3. Give “*Fiery Cosmos’ Secret Rays*” (0.002) alternating with violet-ray prayers for 15 minutes.
4. Now recite the following:

In the name of the Christ, in the name of Sanat Kumara, Gautama Buddha, Lord Maitreya, Padma Sambhava, Lanello and the Buddha Mother, and by the authority of the Christ vested within me, I call to all the hosts of heaven to assist with this mighty clearance action on behalf of the true lightbearers in China, Taiwan, Tibet, Burma and all other places God would like to see this action take place.

We call for the judgment and binding of the dweller-on-the-threshold opposing world freedom, the dweller-on-the-threshold of the alien forces and all that opposes the plans of the Great White Brotherhood for the salvation of planet Earth.

We wield the *vajra*, we wield the diamond light and we wield the lightning. Bolts of blue lightning descend from the Great Central Sun! Bolts of white fire! Bolts of yellow fire! Bolts of blue fire! Bolts of emerald fire! Bolts of ruby fire descend!

Blaze forth the light now and burn through to the nadir of the serpentine logic. In its place, raise up the serpentine energy of the caduceus of the Divine Mother, of blessed Kuan Yin and the Buddha Mother and of each one ascending in the light.

Bind the beast of World Communism, the red dragon and the fallen ones in Red China who oppose the lightbearers of Taiwan, Tibet and every nation. Collapse the paper dragon that opposes freedom everywhere. By the power of Saint Germain’s flame of cosmic freedom, it is done. Bolts of yellow lightning descend upon the entire nation of China, the CCP, its leaders, all those who oppose the four sacred freedoms.

We ratify in the Earth the judgment of those whose time is up. We ask Lanello and our Buddha Mother to deliver their names to the Court of the Sacred Fire.

We call to the heart of the Five Dhyani Buddhas to rescue the souls of light on mainland China, Tibet, Burma and elsewhere in Asia. Mighty Victory, give us the victory over all tyranny. Protect the souls of the Chinese from the machinations of those who would steal their very souls and keep them in poverty of soul and body. We call to the Chinese people, in the name of Lady Liberty, to arise and claim your freedom now! I claim your victory now! (14x)

5. *Seal these calls in the protection of the blue ray and the five secret rays for their perfect fulfillment in the cycles of time and space according to God's holy will, wisdom and love. Amen.*
6. *After the clearance action, heartstream to the Tushita Heaven for God solutions to the problems of China, including such things as democratic reform, economic liberalization, fair trade, the end of the CCP monopoly of political power, release of political dissidents and religious figures, religious freedom, political and economic modernization, autonomy for Tibet, contained nuclear weapons program and peaceful resolution of the Taiwan issue.*

Heartstream as a group.

7. *See additional calls (next page) that can be used at this point, later, or skipped if time constraints exist.*
8. *Seal your session in the heart of Cyclopea, Lanto, Lord Ling, Lao Tse, Confucius, Gautama Buddha, Lord Maitreya, Padma Sambhava, Kuan Yin, the Five Dhyani Buddhas, all the Buddhas and bodhisattvas of heaven and any other masters you feel inspired to name.*

Additional calls regarding China and Taiwan:

In the name of the Christ, we call to the Chinese people to arise and demand the exposure of the truth and the exposure of the lie regarding government accountability over bureaucratic incompetence; income disparities, rising unemployment, an inadequate job market, corruption and other economic crimes; waste and inefficiency of large state-owned enterprises; unemployment rates of rural workers; the one-child policy; excessive force used in crackdowns; deterioration of the environment from pollution, unwise management of energy resources; control of the press; persecution of religious groups, enslavement of dissidents and those who raise their voices in protest; buildup of the military and excessive involvement of the government in the personal lives of the Chinese people, including control of the Internet.

As Sons and Daughters of God, we claim the God-solution for how to reintroduce traditional Chinese values into modern Chinese institutions, including an overhaul of the Chinese governmental, judicial, educational, military and cultural establishments to align with the objectives of Saint Germain's plan of freedom for this planet.

We claim the right of the local people to determine their own local policies in accordance with the principle of the golden rule. We call for the restoration of concepts of the divine economy to the Chinese people in fair free-trade agreements, adjustments to the exchange rate of the Chinese yuan, export and import quotas that are not based on greed and an impure desire for control and power. We demand that the CCP reduce its ballistic missiles currently deployed against Taiwan and U.S. forces in the Taiwan Strait.

As lightbearers we say: Beloved brothers and sisters of Taiwan, we support your right to be a democratic nation, to be an equal participant with the PRC in regional, economic and other nonpolitical forums in the Asian Pacific and around the world, to arm yourselves, to defend your four sacred freedoms, to ally with those who will defend you if need be. We will not fail you, for we are minutemen and -women of Saint Germain. We claim the victory in God's name because we know that in the beginning we were winning and the light of God always prevails.
