

Sealing Prayer for the Golden Buddha Rosary Sunrise Service

9.013

In the name of all Buddhas and bodhisattvas of loving compassion, devas, elemental servants, ascended and cosmic beings, I pray for the sealing of this prayer and meditation service in the light of golden wisdom of my own Sun Presence and in the holy will, wisdom and love of God. The energies I have invoked are used now in awakening all sentient beings unto their full enlightenment and freedom.

Loving all life free, I live in selflessness, sacrifice, service and surrender to the law of my own being, one with my God Source.
