

Hercules' Embrace

Om Mani Padme Hum AUM

In the name I AM THAT I AM, my beloved Holy Christ/Buddha Self and Holy Christ/Buddha Selves of all lightbearers throughout cosmos, beloved Hercules and Amazonia, the Great Divine Director, Archangel Michael and Faith, Micah, El Morya, Saint Germain and Portia, Padre Pio, Rose of Light, Charity, Surya and Cuzco, Lanello, K-17, Kali, the Buddha Mother and all true messengers of God, all ascended and cosmic beings, legions of angels and archangels, Elohim, Buddhas and bodhisattvas of heaven, gnomes, undines, sylphs and salamanders, I pray:

1. Hercules, thou Elohim of cosmic blue-fire light,
Seal us now within your aura, ever shining bright.
Lock the Earth in your embrace, protect her every hour.
Raise her now in holy radiance by your sacred power.

Refrain: Twin-flame pillars anchor here
Now deep within the Earth,
Protecting life upon our globe
In reverent new birth.

Dear Amazonia now comes
With crystal-diamond shield,
Defending every child of God
In cosmic lightning sealed.

2. Power flows at your command, protecting every soul,
Energizing all with virya. Now we reach our goal.
Directing rays of diamond substance, sealing us in grace.
Thank you for your cosmic mastery over time and space.
3. Hercules, defender of our right to walk with God,
We bow before your presence as you wield blue-lightning rod.
Lock our souls in your embrace, protect us every hour.
Raise us now in holy radiance by your sacred power.

In the fullness of your cosmic joy. . .
