

**The Days Are Shortened for the Elect    20.009**  
**The Separation of the Tares from the Wheat**

O Lord, as thou hast said that the days will be shortened for the elect, and as we know that the 144,000 must first experience the separation of the tares and the wheat within, so we ask that all misuse of the light of past eras and lifetimes be consumed by the violet fire accelerated within our hearts and lives and then within the hearts and lives of all lightbearers and all earth's evolutions and beyond.

\*Violet-fire angels, we love and accept your perfect work within us this day! (4x)\*

Let there be the acceleration of our conscious awareness and the acceptance of our divine reality and Buddha nature at all times and in all places so that we may balance all our debts to life and proceed to serve and bless all lifestreams upon earth and beyond.

Let there be light! (4x)

Let there be love! (4x)

Let there be forgiveness! (4x)

Let there be peace and harmony  
among all nations and peoples! (4x)

O Lord, let the light of the saints shine and let us walk the earth as fully realized sun centers this day! This we ask in your holy name I AM THAT I AM. Amen.
