

**Emerald-Crystal Fohatic Prayer  
for Abundance  
by Beloved Fortuna**

By the power of the One  
And of the Great Central Sun,  
Let all emerald light come,  
O Lord, I pray this day.

Co-create with us in light  
As our souls with thee take flight.  
Let abundance now be ours  
By your sacred emerald powers.

Raise our consciousness, O Lord,  
As we hear your holy word.  
Grateful are we now to thee  
In this sacred alchemy.

Blaze, O fire of emerald ray,  
Your abundance—ours today!  
Golden chalice now we raise  
As your I AM name we praise.

God of Gold, come forth this hour.  
Blaze precipitation's power!  
We lay claim to heaven's light.  
Victory now is ours so bright!

Dictated by beloved Fortuna during the Meru University class of January 21, 2008.

While giving this fiat with Fortuna, raise your hands and see the light flowing through your crystal-ray chakras as fohatic energy. Visualize and direct the emerald-crystal currents of light deep into the Earth and high into the atmosphere.
