**Winnipeg, Canada**

In the name I AM THAT I AM and the twelve Mighty Elohim, we pray for a focus of Heros and Amora's retreat in Winnipeg to be anchored over St. Benedict's Retreat and Conference Center in Winnipeg, Manitoba, Canada for our summer solstice conference, *Love is the Key to Aquarian Freedom—A Festival of Light in Winnipeg*.

We commune in love with Paul the Venetian, John the Beloved and Lanello as they welcome us to the heart chakra of our Earth and teach us how to become beloved of God. Beloved Bonnie Blue, Archangel Michael and El Morya with Hermes, bless the sacred land and peoples of Canada as you deliver your solstice message. We call to Melchizedek, Saint Germain and the Great Divine Director to send forth the light of Aquarian love and freedom to the planet.

We pray to Jesus and Mother Mary to awaken all visionaries of Aquarius. We invoke Heros and Amora and Chamuel and Charity to christen us with the love fires of heaven and to wield the power of love to change our world.

We pray for unlimited abundance, protection and angel escorts for all souls called to attend our summer

conference. Beloved elementals of earth, air, fire and water, provide us with optimum weather conditions for swimming, boating, hiking and all other outdoor activities. We joyously anticipate clean, comfortable accommodations, healthy, delicious food, and communion with nature in the majestic beauty of Canada's great outdoors.

Beloved El Morya, Archangel Michael and Faith and your son, Micah, angel of unity, infuse all conference plans and preparations with the spirit of love, brotherhood, oneness, unity and harmony. We invoke legions of blue-flame angels to protect all internet connections, AV equipment, audio and video streaming, our bookstore, registration, transportation, youth program, talent show, conference staff, presenters, prayer leaders, council members and our messenger, David Christopher Lewis, and his family.

In great joy we gather in Winnipeg with heartfriends worldwide to experience Victory's love feast of light!

I AM a magnet of love for Heros and Amora! (3x)
