

## Protection from Harmful Cell Phone Radiation

In the name I AM THAT I AM, we call to beloved Cyclopea and Virginia, mighty Cosmos, K-17, Lanello, Lady Kristine, David Lloyd, El Morya, the Darjeeling, Indian and Royal Teton Councils, Saint Germain, Portia, Kali, the Buddha Mother and all ascended and cosmic beings for the exposure to the public of the danger of cell phones and wireless portable phones which is becoming a plague even in this hour. Beloved seven mighty Elohim and the Elohim of the five secret rays: expose the truth about the negative effects of microwave, radio and ELF frequencies upon the collective health and well-being of mankind.

In Jesus' name, we agree together upon earth that appropriate government regulations be immediately implemented requiring all manufacturers of cell phones to use technologies that are already available and being perfected for the mitigation of harmful radiation. Legions of Angels of the Light and Sound Ray: go to the nadir of this plague—greed, the collusion between industry and government regulators in the FDA at the highest levels and especially the plans of astral hordes to manipulate the DNA of all evolutions of light upon earth—that has resulted in the whitewashing of this issue, and bring forth cosmic justice and judgment now. Expose this cover-up to the people of America and the world through all major media outlets, and initiate an immediate groundswell of action for the light as a way out of this dilemma.

O God of Fearlessness—Ray-O-Light—and mighty Cosmos, we invoke the crystal-diamond tube of light and see the light of the secret rays streaming through all of our meridians at a very concentrated level; and we also call forth

a triple ruby dome over our entire being, sealing us in light at the molecular level, especially throughout our brains.

Beloved Saint Germain and Legions of Mercury, overshine us now and manifest an acceleration of light from the Cave of Symbols and from the etheric retreats into the minds of the scientists of earth to assist them in creating new technologies, including the use of ruby crystals, to mitigate the harmful effects of radio, ELF and microwaves to all life.

In the name of the Christ and the Buddha we accept this done for the protection of all heartfriends and lightbearers on this planet. Amen.
