

I Am the Divine Economy

OM Mani Padme Hum AUM

In the name I AM THAT I AM, my beloved Holy Christ/Buddha Self and Holy Christ/Buddha Selves of all lightbearers throughout cosmos, beloved Fortuna, God of Gold, Mother Mary, Our Lady of Cosmic Abundance, Saint Germain and Portia, Old Man of the Hills, Amaryllis, Amaryllia, Padre Pio, Saint Anthony, Rose of Light, Charity, El Morya, Surya and Cuzco, Lanello, K-17, Kali, the Buddha Mother and all true messengers of God, all ascended and cosmic beings, legions of angels and archangels, Elohim, Buddhas and bodhisattvas of heaven, gnomes, undines, sylphs and salamanders:

We call forth the divine solution to be outpictured in our current national and global economic system. Bind the beast of greed, the love of money as the root of all evil, and all lusting for power outside the will, wisdom and love of God. Burn through! Clear the way! Burn through! Clear the way! Hear our call!

Place now your presence of holy beingness over the world economy and the commodity, stock, bond, currency and real estate markets. Immersed in your light radiance, our people remain calm in the marketplace and listen to their hearts. They invest their supply wisely in new technologies, art, health and entertainment for the golden age. All our economic activities vibrate with divine perfection in violet-laser light.

In this conscious co-creativity, we resolve our real estate title issues, mortgage debt, and the foreclosure gate fraud now before our court system. We establish a fair and equitable process to securitize commercial and residential real estate debt. We quickly discover the perpetrators responsible for this fraud and prosecute them according to the laws of our land. Banks are required to correct the fraudulent loans and securities from investors and pension funds.

We call for the banking and financial institutions to become fiduciaries* on behalf of the American people. Policies and legislations from our federal, state and local governments remove unnecessary bureaucracy and adequately support our American people, our constitution and our well-designed contract laws that are already in place through our legal system.

As lightbearers, we accept our rightful positions of leadership and authority in our government and economy. Our priorities and policies result in a real gold standard that replaces debt and derivatives and creates a sound U.S. dollar, fairly valued in relation to gold, silver and other currencies. Lightbearers in every country buy and trade freely in gold and silver and we effectively hold the spiritual balance for our divine economy.

We invoke our daily protection from archangelic and cosmic beings, and our internet remains free of excessive regulation, government interference, viruses, StuxNet worm, malware, spyware and criminal activity. The business finances of our Hearts Centers and all ascended master activities on our planet are stabilizing and expanding every day. The personal finances of our messenger and of all heartfriends are sound and secure.

Our alchemies as lightbearers bring about immediate development and implementation of technology for clean, renewable energy sources such as solar energy and other free-energy devices, farming, mining and processing techniques and transportation that are in harmony with the environment—new technology that supplies the world with all the abundance that heaven would bestow on us. We beautify our cities and towns with heavenly architecture and infrastructure, art, sculpture, waterfalls and natural areas such as parks and trails. We purify our air, water, land and food. We protect animal life and their natural habitats, and we wisely develop our own natural resources. Thank you for hearing and answering our call.

Om Mani Padme Hum AUM

* Fiduciary: trusted agent; founded on faith or trust; having the nature of a trust; depending on public confidence for value or currency.
