

Mother Mary's Healing Retreat and Wellness Center Precipitation Call

By the power of Cyclopea and the All-Seeing Eye of God, all Silent Watchers, the Buddha of the Emerald-Crystal Ray, Mother Mary, Raphael, Ramael and all angelic hosts, we call to you, Mother Mary, to energize your Matrix of Emerald Magnification of Light, causing it to flow through our third eye for the maintaining of our vision for your healing retreat.

Co-create with us now a cosmic grid of emerald-crystal laser light whereby that which we jointly hold in perfection is fully manifest.

O Mary, heal each child of God who comes to this retreat. And by the power of Maximus and Progeneta, heal and raise Terra.

As above, so below, we accept your retreat upon earth as fashioned in the image of your retreat in heaven, "an oasis from the burdens, the sin and the cares of the [world, a] space here that all may feel and know that there are upon earth some who care, some who have undying love for God within the souls of those who come for wholeness and healing." (Mother Mary, September 10, 2008)

This 8.5 million-dollar, self-sustainable retreat flourishes, even as our greater Hearts Center Community blossoms worldwide. Tens of thousands receive the exact spiritual teaching, renewal and healing they require as they partake of the charged holy waters, pristine air, heightened spiritual frequencies, and the practical healing and wellness modalities that we provide here.

As a model solar community, vegetable and flower gardens, greenhouses and fruit and nut trees abound. Idyllic meditation and prayer nooks, grottos, fountains, pathways and elemental sanctuaries offer opportunities to adore nature and our inner divinity. We generate more than enough wind, solar, water and geothermal power than we require. We are harmonious, thriving and secure in the light.

Our healing practitioners and gracious staff serve every client free of charge. Cottage industries and crafts as well as eco- and micro-businesses abound, creating abundance for all.

Mother Mary's statue of Our Lady of the Compassionate Heart adorns our retreat, drawing devotees to her and peaking the longing of those who would understand more of the Divine Mother.

Our vision manifests through our love for Mary and in her holy name. Amen.

Please give Astreas for the purification of the third eye and 20 minutes of supply decrees to accompany this call.
