

Dearest Kuthumi

Kuthumi dear, from Kashmir's shining mountains
Your words of wisdom flow across the earth
We feel your heart, so tender and forgiving
Your presence woos us ever unto heaven
Your presence woos us ever unto heaven.

World Teacher dear
Enfold us in your heartstreams
Peace in your name – O Brother Divine!

Kuthumi dear, with Djwal Kul and Blest Morya
Magi of light imparting blessings real
Tri-partite flames, of gold and pink and *New Blue*
Your gracious teachings raise us ever higher
Your gracious teachings raise us ever higher.

Master of peace
Now grace us with your radiance
Minist'ring love – your kind heart we feel!

Kuthumi dear, with Jesus' love compelling
Keep us revering life as you have done
Golden-robed brothers, sisters serving nobly
Abiding always in this sweet communion
Abiding always in this sweet communion.

Bless every soul
With holy oil, God's essence,
Your heart of peace – O ever be ours!
