

Gracious Gautama

Gracious Gautama, blest Buddha and Lord of the World
Love-wisdom tidings from India now unfurled.
Your emanations revitalize every heart flame.
Peace in your aura, our mantra—your name.

Maitreya, Jesus and Padmasambhava, we pray;
With Sakyamuni, now teach us the Middle Way.
Sanat Kumara and Venus, resplendent with light,
Let your compassion flow all day and night.

Shambhala's heartstreams are flowing all over the earth,
Raising all beings by nurturing sacred worth.
We feel your presence and live in your radiant joy
Help us your blest Eightfold Path now employ.

Precious Gautama, World Savior and Teacher of all,
With your great mercy, dire prophecies we forestall.
Grace us with rev'rence, the Four Noble Truths as our guide.
Deep in our hearts now, O Buddha, reside.
