

## Healing Light

Heal, O God, this soul of light.  
Hold her in your presence bright.  
Give her strength to weather pain.  
Let her spirit fly again.

*Chorus:*

**Ave, Ave Maria.**

Heal, O God, this precious one.  
Hold her in a blazing sun  
Of perfection, love and peace,  
Let all fear and darkness cease!

Heal, O God, this friend of fire.  
May your angels now inspire  
Her to grow in patience, love.  
Bless her, angels, from above.

Heal, O God, this gracious one.  
Let her trials now be done.  
Free her from this current plight,  
Resurrect her in the light.

Heal, O God, this spirit true.  
Let her cells be cleansed anew.  
Help her win her victory.  
Raise her up and set her free.
