

May Angels Go with You

May the angels go with you wherever you go.
May they guide every footstep with heavenly glow.
May the seraphim, cherubim from realms above
Send their legions to seal you in faith, hope and love.

May the angels protect you; may they guide and direct you.
May their wings e'er enfold you in unending joy.
May the angels be with you; may their light shine upon you.
May you live in their presence of heavenly peace.

May the angels go with you wherever you go.
May they stay all around you, above and below.
May the angels watch over you each hour of the night.
May they bless you and keep you in radiant light.

May the angels protect you; may they guide and direct you.
May their wings e'er enfold you in unending joy.
May the angels be with you; may their light shine upon you.
May you live in their presence of heavenly peace.

May the angels go with you wherever you go.
May they guide every footstep with heavenly glow.
May the seraphim, cherubim from realms above
Send their legions to seal you in faith, hope and love.
Send their legions to seal you in faith, hope and love.
