

Shiva!

"Shiva, I love you! Shiva, I claim you! Shiva, come forth! Shiva, to the right, to the left, above, beneath and in the center of my form! Everywhere I go, I AM Shiva this day! Shiva! Shiva! Shiva, come! Slay the demons! Bind them here! Bind them there! I am victorious because Shiva lives within me!" –Shiva

Shiva, we love you! Shiva, we claim you!
Shiva, come forth today!
Everywhere Shiva! Dancing on demons!
Dancing the darkness away!

Chorus:

**Shiva, Shiva to the right! Shiva to the left!
Shiva over and beneath! We are not bereft!
There he dances in the center of our very being!
Shiva! Shiva! Live in us that our hearts may sing!**

Shiva, the blissful! Shiva, the giver!
Dance on our doom and gloom!
Everywhere you step, leap, jump and twirl now, watch!
There the flowers bloom!

O Shiva, action of Spirit Holy!
O Shiva, blazing fire!
Come, crack your flame whip! Come, hurl your fireworks
Into our unreal mire!

Shiva, destroyer of all illusion,
Open our eyes, we say!
God is the goal and God is the all!
Be all of God today!
