

34. To Ling, God of Happiness

Lord Ling, O holy mentor of yore,
Inspire us now as you did before.
Lead us with cosmic levity
To live in the Presence, be all we can be.

Chorus

**O Ling, let God Happiness reign;
We feel our wholeness of Spirit again.
Living in holy unity,
We sing at last the song of the free.**

Lord Ling, O ray of golden grace,
With Laughing Buddhas take your place,
Filling our hearts with great buoyant delight,
Ever transcending in our Presence bright.

Show us that joy is the holy portal.
Guide us to heights of light immortal.
Bless us with God-happiness that we feel
In the great rainbow sphere of all that is real.

(Repeat Chorus 2x)
