

## To Lord Gautama

Blessed Buddha, Lord Gautama  
Bless us with your Presence now.  
Middle Way you teach us always,  
Ten Perfections all endow:  
Alms and Precepts, Renunciation  
Wisdom, Courage, Patience, Truth  
Resolution and Goodwill  
Indifference—help us to fulfill.

Noble truths of ancient knowledge  
Bodhisattvas witness to.  
Vows to save all sentient beings,  
We surrender all to you.  
Nine Kumaras, Venus' Buddhas,  
Power flows at your command.  
Conquer death through holy wisdom.  
Raise all life to your Pure Land.

Maitreya, Padmasambhava  
Jesus, now a Buddha, too.  
We now walk in reverence and  
Ask to join your conscious crew!  
Mother Mary comes to teach us  
Of this path of holy grace.  
Meditate with deepest silence  
As we gaze upon her face.

Blessed Buddha, Lord Gautama,  
Bless us with your Presence now.  
Four Noble Truths and Eightfold Path  
Will help us keep our holy vow.  
Secret Rays now flow through chakras  
Purified by Charity.  
Padre Pio, blessed master,  
Raise us through your purity.

Virtues, siddhis, Spirit gifts  
Are all your chelas do desire.  
Purge us with your Ruby Ray  
So sentient life we may inspire.  
Cleanse our auras, spin our chakras,  
Give us now your perfect sight.  
Five Dhyani Buddhas, come  
To seal us in your golden light.
