

On January 10, 2006 Lanello told the Hearts Center Council the following:

Morya, at this hour of world need, has certain work he must attend to, and needs to step back a half step from his work with you (The Hearts Center) at certain levels. This is not forever, but for a short period of time as you count time. Therefore, I am filling in the gap on behalf of my Guru for his greater service to life.

When I asked El Morya today how this would impact the Meru University Course #600 that he is sponsoring beginning next week (January 16th) his response was:

Tell them that I will dictate every other class for 10 minutes (Jan 23, Feb 6, Feb 20). If they knew what I am up to they will know that this is quite a dispensation. The work that I am doing is for and on behalf of other worlds, but also directly impacts the earth and all lightbearers upon earth. It is imperative that I am present at other council chambers than mine, giving certain reports on the affairs of all the Brotherhood's activities and of all our chelas upon earth. Based on certain changes that are in the works, both at spiritual levels and within the greater sphere of influence of certain masters both known and unknown to you, it is crucial that nearly all of my energy be focused on this work. I have asked Lanello to fill in for me at Darjeeling and he has graciously agreed to do so until my full return.

Lanello says:

This class on sweet surrender is for anyone and everyone who loves El Morya. If you love El Morya, take this class. If you don't truly know him but would like to, take this class. If you haven't learned the art of surrender, take this class. If you would like to know perfect surrender, take this class. Morya has assigned this class to collectively prepare for him a new Surrender Ritual, composed of key prayers given in this new dispensation on surrender as well as one paragraph each from each student (no more than 90 words each) on perfect surrender. This will become a 15-minute ritual on surrender that can be given by any and all students of the light in any activity, anywhere. It should be inspiring and inspired. It should be simple enough for a child to utter and yet profound.

Use Mother Mary's prayers as well as others that have been given by various masters where they have implored God to use them at all times and in all places to do the Will of God. This is to be a collective work of the hearts of the Hearts Center and Meru University.

Each one who assists in developing this ritual will earn the great, good karma of helping to prepare this ritual. Lanello would like it prepared to be released on his Ascension Day, Sunday, February 26, 2006, which is the 33rd anniversary of his ascension, a most auspicious day.

Lanello says that you must be enrolled in this class to contribute toward this ritual. Therefore, he urges all who would like to be involved in helping to develop this ritual to sign up for the class by this weekend so that Joyce Genis and Nancy Frenner may know how will be attending so that they may incorporate this new directive into the class.

Thank you, each one for your ongoing support and work for the ascended masters.

Love and Light,

David C. Lewis
