

Practical Alchemy; Saint Germain's Grant Program

Practical Alchemy; Saint Germain's Grant Program is your opportunity to pursue your passion with the support of Saint Germain and The Hearts Center Council! Each year during the FREEDOM conference, three Heartfriends each receive a \$300 grant. This grant is an incentive for you to fulfill your passion which will promote, in some form, the name and flame of Saint Germain. Those receiving awards at FREEDOM 2006 will be selected from those applying between now and June 10th.

In 2005, The Hearts Center Council elected to give out four awards. The recipients, chosen because of the quality of their proposals were:

Susan Pitman: Her proposal was that of designing and producing sacred altar wear. Susan's first product was the silk sanctuary scarf. This you have seen worn by David Lewis while receiving dictations as well as many of your Heartfriends.

Ellen Stuckey: Ellen proposed "writing stories that reflect the wisdom of the Master and the themes dearest to his heart for our youth". We expect to see her first book at FREEDOM 2006.

Jeanne House and Cathleen Chu: They have promoted a book entitled "*Healing the Heart of World.*" Jeanne was instrumental in the publishing of this book which includes a chapter on Heartstreaming by David Lewis and Michael McNeil. This book has major distribution nationwide and was recently featured at the New Living Expo in San Francisco where David promoted "Heartstreaming" while participating in a panel discussion.

Maria Min: Maria proposed acquiring visual proof of the effectiveness of the violet flame by asking 33 Heartfriends to give the violet flame mantra "Wash this water with Violet Fire" for 15 minutes over a water sample. This sample and its control were sent to Dr. Emoto's I.H.M. laboratory in Japan. The I.H.M. report, which included 36 high-speed water crystal photographs, revealed "smiley" faces at the edges of the "Water Crystals". These were acknowledged by our messenger/witness Rebecca Brainard.

Saint Germain says: "Do you see that as an Ascended Master I can do nothing on the earth? My hands are tied. Therefore, I need ambassadors who will represent me in the earth." Yes, he needs your hands and your feet to bring into the physical those projects that will further his cause and that of the Great White Brotherhood. If you love Saint Germain and have an idea or a passion now is your opportunity. Now is the time to write your proposal!

Your proposal should be not more than two pages and should include: 1) an overview, 2) your desired outcome, 3) a budget or business plan with timelines and 4) a feasibility statement. Email your proposal to phaugen@theheartscenter.org by June 10th. The three winners of this year's grants will be announced on Saturday, July 1st during FREEDOM 2006.

Your proposal may represent an investment in excess of \$300. Therefore the \$300 is just seed money following Jesus' demonstration of the multiplication of the "loaves and fishes." This is alchemy. This is "Practical Alchemy!"

So, lets be "up and doing" in support of our beloved Saint Germain!

Always Only Victory,
Paul Haugen
