

Timely announcement from The Hearts Center  
Saturday, August 05, 2006 6:00 am MDT

Beloved Ones,

In preparation for Saint Germain's coming to Minneapolis August 18-20, he is requesting that all Servitors, Partners and Heartfriends assist him to be able to receive the greatest dispensations of light possible by giving 90 minutes of concentrated violet fire prayers and songs daily through the next two weeks, beginning today. Call forth the violet fire into the cause and core of every untoward situation in the four planes of matter, especially on behalf of the elementals who are struggling with all in their power to hold back the release of mankind's karma through nature's fury.

Although much was mitigated through our prayer vigil last weekend, it was only the tip of the iceberg. Lanello is officially this day requesting weekend vigils every other weekend like we did last weekend through September 21st, but now with this added input of giving concentrated violet fire. Songs are fine, but they should be for the purpose of increasing the love fires of the violet fire and not simply as a diversion, for they only have the effect of multiplying the action of the prayer by the power of three when given with focus and sung from the depths of the heart in great devotion to God.

A foundation of protection should be laid before giving the violet flame, and then another sealing action of both blue and ruby should be given after the 90 minutes of violet flame for at least 15 minutes. If everyone will partake in this alchemy, then we can see the mitigation of much, including a lessening of hostilities in the Middle East. Lanello is urging everyone possible to put aside any personal diversions or major time off during the next two weeks to assist Saint Germain in this request and to come to your local Hearts Centers or Heartfriends groups and blend your voices with others for the maximization of the effect of this two-week vigil.

Beloved Mother Mary desires to dictate on the anniversary of the celebration of her ascension, and she will have a very important message to convey on that Tuesday.

Your prayers and support are greatly appreciate by the Master.

Blessings,

David C. Lewis
