

Dear Heart Friends of Fire,

As autumn quickly marches along, we take note that Thanksgiving is only two weeks away as we begin to see Christmas decorations appearing here and there. We must realize that December is only three weeks away!

Besides the upcoming celebration of the birth of our Lord, we anticipate the beginning of a New Year with the awaited visitation of our Beloved Gautama on New Year's Eve along with the New Year's thought form for the year 2007 that he bears and yummy Buddha pudding which tastes better and better each year.

Of course the holiday season and the New Year's conference remind us of woolen sweaters, cold weather, snow and icy roads. However this year not only can we think of the fire dancing in our fireplaces, but we can think of the fire of solar energy from the physical sun, radiating into the atmosphere of earth bringing warm weather to such states as Arizona.

This year our New Year's conference will be held in Phoenix, Arizona where the average day time temperature at that time of year is 68 to 71 degrees. Mighty Cosmos has told us that Phoenix is one of the secret ray chakras for the United States and we eagerly await greeting him and hearing his words at this conference. The Masters have told us that there was once a Golden Age civilization in the desert area of Arizona and that they need to anchor a certain quotient of solar energy in the etheric to lay the foundation for a future solar civilization which will be in this area. El Morya has also asked us to conduct an event in Phoenix soon after our return from Luxor so that the light released in Luxor can be anchored in Arizona.

The Heartfriends who live in this state are so excited to know that a golden age once existed here and that a solar civilization is to come. The venue of dictations which will take place is so exciting with 'secret ray Masters' dictating along with Cyclopea, the Great Divine Director and Mighty Victory. Please refer to the program posted on the web site to read of all the Masters who will be dictating and to see the full schedule.

A number of presentations are scheduled in addition to a guest appearance by Cynthia Athina Kemp Scherer. We had the great pleasure and honor of having Cynthia appear in Tucson and show us the work that she does with desert flowers in healing ailments of the four lower bodies. She will be taking questions from Heartfriends and advising them on which desert flowers essences and combinations can be used for their specific problems.

We will also begin focusing on the clearance for South America using specially prepared visualizations with our decree work. This conference is dedicated to the phoenix rising within as the foundation to a Golden Age and the appearance of the seventh root race.

Hotel suites are available where three or more can share in accommodations. Breakfast is included in the room rate. Please see all necessary information on the Hearts Center web site.

Please consider coming and joining in this mighty celebration of cosmic solar radiation as we share in fellowship and love with one another and with the Masters who have given their lives for us.

See you in Phoenix for New Years!
