

Preparing for Archangel Michael's Book

Beloved Heartfriends,

As plans continue toward the publishing of Archangel Michael stories for our youth and the men and women who serve to protect and defend us, we are asking those who may be new to The Hearts Center or may not have had an opportunity to write about their experiences to send your stories to us now.

As you record your testimony, remember that your story needs to clearly witness to Archangel Michael's intercession in language with which individuals from any faith or perhaps no religious background may identify. Archangel Michael specifically requested that his book be distributed to the military, the police force and firefighters—all who work to protect our communities and the nation. If you are now serving or have served in any of these capacities and can witness to Archangel Michael and his blue lightning angels' intercession, your story would especially impact the lives of those to whom this book is dedicated.

Books abound relating to the intercession of the angels in people's lives. And this is wonderful and so needed. But our Defender, Archangel Michael, has asked that this book give examples of his intercession and that of his legions in answer to the call of those who have understood his office. He wants people to know that he has never left off defending his Church wherever that body of believers or individual "lively stone" may be on the face of the earth. So our book needs to be unique in its scope, true to the request of Archangel Michael.

Please type your story into a Word document. Your byline includes your name and email address. If you are receiving this request from a friend because you do not have access to a computer and are submitting your story via fax or postal mail, include your phone number, a return fax number, if that is possible, and your postal address so that we can contact you regarding your submission.

Email your story to carolwells9@comcast.net. Or fax it to 630 893 4917. Or mail it to me at

139 Seneca Trail
Bloomington, Illinois 60108

You will be sent a release form allowing us to edit and possibly use your story on our website and/or a hardcopy publication.

To those who have already contributed their witnesses, we give many thanks and ask for your prayers directing this project to its blue-lightning completion!

Gratefully, Carol
