

Dear Heartfriends,

The Heartfriends Advisory Group has been newly formed to fulfill Hercules' request to lend our support to The Hearts Center council. In order to accomplish that, one of the things we would like to do is to organize a database of the skills and talents of our heartfriends upon which we may draw. As we continue to get to know one another as part of this grand adventure in building community, we are excited to see where we each fit into the greater picture and vision God holds for The Hearts Center.

Our thanks to you for your support of our movement in so many areas—spiritual, first and foremost, as well as financial and the countless ways you have served as volunteers during conferences and events. However, if you feel that you possess areas of expertise that have remained untapped or overlooked and you desire to share these with our community, we are requesting your completion of the [Heartfriends Skills and Abilities Inventory](#) attached. To clarify, the information which you provide will help the advisory council match your interests and skills with the needs of The Hearts Center as they arise if you choose to offer your time and energy in this way. We may also call upon your area of expertise as a valuable input resource during decision-making, an opportunity to bring synergy to the process.

Please email this completed inventory by February 15th to HeartfriendsAdvisoryGroup@theheartscenter.org. This information may be shared with The Hearts Center council and team leaders to assist in the staffing of project and service teams that make our activity run. If you have any questions, please contact Illona Iris at 952/945-9882. Thank you again for your great love of the Brotherhood and your continued service to them through this movement of light.
