Dearest Heartfriends,

As we pause to reflect on all that we have received during this recent thanksgiving harvest season I want to first of all thank each and every one of you who have in any way participated with us in creating and sustaining The Hearts Center Community, especially all the wonderful volunteers who keep the wheels of this movement of light turning. It has truly been an amazing time to be able to experience the ascended masters' presence and divine light in our daily lives during these last four years in an extraordinary way, so tangible with their love-wisdom heart fires in our midst. Without their radiation and spiritual nurturing our lives would not be the same.

### **Our Mission and Purpose**

In our introductory brochure we state: The Hearts Center is a new opportunity for spiritual seekers to receive up-to-date inspiration from the ascended masters whose caring and love are tangible in their worded releases. It is not so much an outer organization but a movement of hearts that are united in love-wisdom to pursue their own individual calling and mission with divine abandon, full of expectancy and with a heart attuned to divine ideals and holy purpose.

The purpose of our interaction and work together is to grow in the Spirit and to fulfill the Brotherhood's dream for a golden-crystal age of freedom and enlightenment upon Earth while also earning, by God's grace, our own ascension in the light through service. The voice of divine reason flows daily from many ascended masters and we are inspired in some way to continue to expand their sacred work and service. Ultimately we realize that without that Spirit and divine intervention in our lives we can accomplish nothing, but with God all things are possible. Miracles are truly happening every day!

### **Some Highlights of What Have We Accomplished Together**

During our summer Freedom 2008 conference in Big Sky, Montana we reflected on our progress—what we had accomplished together and what we saw as some of the goals that we would like to see manifest during the remainder of the year and beyond. I'd like to update us as of today by highlighting our major accomplishments so that we can take stock of just where we are and where we are going. Together we have:

1. Released over 1300 heartstreams—dictations, discourses and darshans—now uploaded onto The Hearts Center's website in audio, written and video form. These include dozens of interesting interactive darshans for young and old alike where the ascended masters directly answer their questions or at times draw forth the inner wisdom of heartfriends by asking them questions!
2. Broadcast morning devotional services from The Wellspring Retreat in Montana seven days a week. Numerous Hearts Centers and Heartfriends Groups throughout the United States and Sweden broadcast during the evening and some also rotate in sharing on Sunday mornings. Spanish-

speaking and Afra broadcasts occur monthly during which special darshans or dictations also occur.

3. For over a year now provided a “daily newsflash” via the website, with a timely synopsis of the messages from the masters and beautiful imagery either downloaded from the internet or from our own artists’ e-files. And since early 2008 these have also been emailed to our on-line list of heartfriends throughout the world.
4. Offered over 40 quarterly conferences and weekend seminars throughout the United States and a few during trips throughout the world. In North America alone these have been held in:
  - Arizona, Calgary, California, Florida, Hawaii, Illinois, Michigan, Minnesota, Montana, New York, Texas, Washington state and DC.
5. Held 23 Meru University classes, most being 6-week courses through which numerous heartfriends have shared their own wisdom while teaching the classes. Concurrently the ascended masters have delivered wonderful new teachings to us with some cutting edge spiritual technologies and insights that have truly been awe-inspiring.
6. Conducted ten pilgrimages or sacred journeys throughout the world, including visiting and doing spiritual work and clearances in:
  - All 21 California missions
  - Taiwan (twice), Japan, Hong Kong, Macau, Landau and Hawaii.
  - Mexico City, San Miguel de Allende and Cuernavaca.
  - Banff and Lake Louise in Alberta, Canada.
  - Luxor and Cairo, Egypt, including the pyramids at Giza.
  - Greece and Italy in southern Europe.
  - Brazil in South America.
  - Sweden, Holland, Germany and Poland.
  - India
7. Been interviewed on dozens of live radio shows, including a series from White Plains, New York hosted by a heartfriend, plus numerous other internet shows highlighting the ascended masters’ thought on 2012 while answering hundreds of questions of the various radio hosts.
8. Broadcast dozens of on-line town hall meetings or community sharing sessions where our members are brought up to date on what is happening within our worldwide community and offered opportunities to share what is on their hearts and minds.
9. Published three versions of a looseleaf prayers, decrees and mantras book with over 150 wonderful offerings, written by various ascended masters, the messenger and numerous heartfriends; Released an adult song book with nearly 90 songs and bhajans; Published *Now, Zen and Always: El Morya’s Treasury of Spiritual Quips*, our first Meru Press book.
10. Produced nearly 30 CDs and DVDs of prayers, decrees and songs, dictations, Meru University classes, pilgrimages and audio/visual powerpoint presentations of *Morya’s Quips*, *Lanello’s Luminaries* and *Kristine’s Chrisms*.
11. Published and/or distributed dozens of new spiritual images created by talented artists including the Buddha Nature chart and renditions of El Morya,

the Great Divine Director, Saint Germain, Mother Mary, Archangel Michael, Mother, Lady Kristine, Djwal Kul, Jar-El-Um, Diana, Bodhidharma, the thoughtform for 2008, etc.

Our website itself is a hub of activity and much has been added to it in recent months, including:

- 18 articles offering introductory teachings and spiritual practices.
- A guided, multimedia heart meditation
- Links to dozens of other websites including:
  - A new Spanish-language site
  - A new Swedish-language site
  - A site offering our 3-week and 3-month preparedness plans
- New products and services in our on-line store
- A login option to access some special information and evening services

Charles Lindbergh wrote: “During my lifetime I have watched dream turn into reality and reality into dream until I am convinced they do transpose beyond our realization. Dreams of flying as a boy, of flying the Atlantic as a youth, of sending rockets to the moon as a young man—all these are impossibilities come true... Dream, thought and vision are not restricted by bonds of time and space. Our individuality is universality condensed in a cosmic moment.”

I quote from a recent newsletter from Caroline Myss sent to me by a heartfriend: "To me, this is a time of great hope because when chaos abounds, so does opportunity. It can look as if the field of opportunity is bleak, but that is simply not true. As I teach my students, whether you are healing an illness or maneuvering through change, you must keep your attention in the present in order to perceive intuitive instructions. These will rarely speak of what you have already done. Rather you have to be prepared to do what you have not done before, as your intuition will always direct you to draw on new inner resources as opposed to relying on the old and familiar."

Blessed ones, we dream of a better world and that dream is becoming more and more real through our daily striving and efforts, through our prayers and meditations, through our united efforts in building spiritual community. You have been generous in the past and our hope and prayer is that your abundance will continue to grow so that we may continue to offer our services and many of these new initiatives in 2009 and beyond. Your generous contributions to our nine donation funds—general, building development, messenger support, multi-media, publishing, equipment, pilgrimage/events, charitable and pilgrimage/events scholarship—will continue to sustain our ongoing work.

Our goal is service to you with open hearts in balance. Please review the Declaration of Spiritual Freedom in the "Welcome" section of our website and hold the perfect vision with us of a bright and beautiful future for America and the world through an expansive Hearts Center Community and a world of peace and harmony. The ascended masters' dream and vision can happen as we work together to bring them about.

In humble service to the eternal light blazing within your heart, I am
