Welcome to CHILE
Chile is found at the southernmost portion of South America, running along the westernmost coast of the continent.
Chile is 4,300 km (2,667 Miles) long and on average 175 km (109 Miles) wide, which has given our country a wide range of climates.
...from the driest mountains through the lush green and lakes to the glaciers...

Because of its strategic position in the continent, the Andes Mountain range provide a natural spinal cord for Chile, running all along the easternmost border of the country.
...and the pacific ocean bathes the country’s shore line all along the western border...

The Northern part of Chile is very dry.
...and it is famous for the Atacama desert, the dryest desert in the world...

...yet every so many years the desert, with just a little bit of rain, blooms...
Chuquicamata is the largest copper open pit mine and second deepest of the world.
We have the clearest skies of the world...

...with some of the most technologically advanced observatories hosting thousands of scientists yearly from all over the world.
The central part of Chile is a very fertile zone, with a mild Mediterranean type of climate that provides suitable temperatures for fruit production.
...fruit like grapes, peaches, cherries, avocados and others that is exported to many places around the world...
Due to its vast costal territory the central zone has many tourist attractions and resorts by the sea.
The southern part of Chile has cooler and damper climate, which allows beautiful sightseeing with many lakes and snowed picks all around it.
The southernmost portion of our country has much lower temperatures all year round that provides the perfect environment for some of the few glaciers left around the world.

Chile was founded in 1540 by Spanish colonizers and begin its independency movement in 1810… We are celebrating our bicentennial anniversary this year!!!
We were colonized mainly by Spanish people at first but later on we also had people from Italy, England, France and Germany come to the Young Republic of Chile.

The native Chilean Indians were many, but the “Araucanos” were the bravest fighting against the Spaniards for 300 years.

They all left a tremendous legacy as they helped form and shape our country...

Valdivia - Chile, diciembre 7 del año 2000.
At the present moment Chile’s population is 17,000,000. The Chilean economy has been the strongest economy of the Latin-American region for the last 15 years.
We are also a land of poets... with two Novel Literature Prizes.

Gabriela Mistral in 1945

“Little feet of children blue with cold, how can they see you and not cover you, my God!”

Pablo Neruda in 1971

“I grew up in this town, my poetry was born between the hill and the river, it took its voice from the rain, and like the timber, it steeped itself in the forests.”
And a country of poet singers
like Violeta Parra with her
famous song: “Thanks to Life”

Thanks to life, which has given me so much.
It gave me two beams of light, that when opened,
Can perfectly distinguish black from white
And in the sky above, her starry backdrop,
And from within the multitude
The one that I love.

Thanks to life, which has given me so much.
It gave me an ear that, in all of its width
Records— night and day—crickets and canaries,
Hammers and turbines and bricks and storms,
And the tender voice of my beloved.

Thanks to life, which has given me so much.
It gave me sound and the alphabet.
With them the words that I think and declare:
"Mother," "Friend," "Brother" and the light shining.
The route of the soul from which comes love.

Thanks to life, which has given me so much.
It gave me the ability to walk with my tired feet.
With them I have traversed cities and puddles
Valleys and deserts, mountains and plains.
And your house, your street and your patio.

Thanks to life, which has given me so much.
It gave me a heart, that causes my frame to shudder,
When I see the fruit of the human brain,
When I see good so far from bad,
When I see within the clarity of your eyes...

Thanks to life, which has given me so much.
It gave me laughter and it gave me longing.
With them I distinguish happiness and pain—
The two materials from which my songs are formed,
And your song, as well, which is the same song.
And everyone’s song, which is my very song.
Thanks to life

The Hearts Center Chile was informally started in 2007. Our president Jaime Urrutia began teaching in his home every Thursday evening with classes for new comers...
Later on, in January 3rd of 2009 during the New Year’s Conference in Dallas, TX USA our dear Master Jesus the Christ officially announced His and the Hierarchy’s sponsorship for Chile and South-America.
“I Jesus Bless, sanctify and commission the Hearts Center of Santiago Chile on this day and once again I bless this task and seal their work in the light, heart, head and hand. May all those who you get in contact be blessed through you by my presence and may the Holly Spirit also give testimony of this union and this grace, from this day on and for as long as you comply with your vows within this movement of the Heart Center. I Jesus will speak when you invite me in the year 2010 if a place and time is prepared for me. And the beloved Saint Germain as my father, my Mother and my bride in that life will also be honored to speak to all the people you have invited”.
...Since then we have been working on implementing our Local Hearts Center... And thanks to Patricia Zurita we have an official headquarters facility...
Our Local Hearts Center has since continued with weekly classes for new comers and mid-level. Later on, this year we started our regular Saturday services as well as some occasional Sunday services.
During last year we have hosted a few enlightening events:

Our 1st event was a public speech about the Violet Light and the Hierarchy of Ascended Masters given in the Cultural Center of the city of “Las Condes.”
Our 2nd one was a seminar on the Cosmic Clock given in a well-known Natural Clinic site called: “Vida Sana” (Healthy Life)
It’s our Joy to announce that we will be hosting The Hearts Center upcoming Pilgrimage announced by the ascended master Jesus back in Jan 3rd of 2009
The name of the Conference will be:

“The blessing of seventh age of freedom”

Saint Germain speaks on behalf of the Holly Family
We are so deeply moved about this event because the Ascended Masters have said that the amount of light they are planning to release would be comparable to amount of light released when Jesus incarnated at the beginning of the Picean Age.
Here is a list of the dictations that will provide a Major Release of Light as announced by the Ascended Masters for the Pilgrimage to Chile:
