“Freedom’s Flame Rekindled in the Heart of America”

Prayer Vigil

December 2-4, 2005

Hello Friends of the Light,

We invite you to participate in a special weekend of prayer and fellowship with the ascended masters and each other at our new center in Downers Grove, Illinois. It is a great joy to have with us our messenger, David Lewis, who will be sharing experiences and messages from the masters relating to timely world situations. They also desire to remind us of the unique place the city of Chicago holds in Saint Germain’s plans for the golden age.

Below is a list of accommodations from which to choose if you are coming from out of state and names and contact information of heart friends in Chicago who would be thrilled to help you in any way possible to make this weekend happen. In two weeks, a program of detailed events will be posted on our website. What we know at this moment is the following:

- Seven masters will be speaking throughout the weekend.
- On Friday evening, beloved El Morya wants to enjoy with us a “fireside chat” as part of that night’s informal time of fellowship.
- Joseph Kelly of e3 will share the progress of his company whose proposed project could positively impact the environment for hundreds of thousands, if not millions, of citizens.
- Saturday evening from 7:00 p.m. to 10:00 p.m. we will join our hearts and voices together in violet flame prayers, calls, and songs for the assistance of Taiwan and the nuclear plants and waste issue facing the Chicago area.
- On Sunday afternoon, a presentation of the “most important and salient points that have been released through the I AM activity regarding Chicago” will be shared.
- Also on Sunday, Saint Germain “looks forward to delivering a most important message with a dispensation from the Karmic Board” for Chicago.
- David and Joseph will be autographing hot-off-the-press copies of *Healing the Heart of the Earth* in which both gentlemen have chapters.

In the name of The Hearts Center, an organization that is “moving forward with the message of divine love”, we extend our hearts and our desire to work hand-in-hand with you to build relationships of love and trust that can change a world.
