

Peace in the Heart of the Fire Ring

December 21-22, 2005

Honolulu, Hawaii

Beloved ones, we would like this event to be joyful and peaceful and serene, [a] capstone to the entire [Far East] tour, one wherein you bask in our light, the fire from our retreat, and where we send forth waves of cosmic peace across the entire Pacific Ocean, penetrating deep to the depths of the ocean floors and beyond into the earth, [and] setting forth a cosmic sealing action around the entire fire ring for the protection of the four quadrants of being, all inhabitants on all islands and for a mighty focus of light to be established there on Hawaii that can be reactivated through your calls for your protection of the entire Pacific and all peoples. It [the light and foci that we will anchor] will be as a giant radio tower turning, through which we, through a laser beam action of radiance, [will] circumscribe the fire ring with the light needed to hold the balance [for the entire Pacific region.] Beloved Peace and Aloha November 7, 2005.

Wednesday December 21st (Winter Solstice)
