1. **Nicolas Carter** was raised in Paraguay where he learned to play the Paraguayan harp, the national folk instrument. He has been composing, recording and performing harp music for more than 20 years and has recorded nearly a dozen albums in the United States, Europe and South America, both as a solo artist and with Latin American and world music ensembles.
2. **In-person Soul-Raising Sessions** with David Christopher Lewis include a soul reading, aura cleansing and wave blessing as the Holy Spirit overshines David. The tremendous power of the release of light will afford you relief from ancient patterns and records lodged in the subtle fields and folds of your subconscious and unconscious mind and being. You will experience change, transformation and elevation. Inquire at the bookstore to schedule an appointment during the times listed on the program. (\$33 for 5 minutes; \$72 for 10 minutes; \$144 for 20 minutes; \$200 for 30 minutes).
3. **Holy Spirit Blessing with Gemstone Talisman** releases a personal talismanic charge of light from the Holy Spirit. (\$36; \$20 with a book purchase at our store).
4. **Paneurhythmy** (pan-u-rith-mee) is a system of physical exercises set to music traditionally performed in the morning in nature, integrating music and poetry, movement and thought in a harmonious unity. The meditative movements set to sacred music were created and introduced by the Bulgarian master, Peter Deunov, between 1932 and 1942. In his own words, he describes this all-encompassing science by saying, "...I have placed in your hands [Paneurhythmy], the key to my Teaching. If you dance the Paneurhythmy correctly, the positive forces of Nature will flow through you and connect you with one another and connect all of you with the unbounded Cosmic Circle of Great Beings."
5. **90 minutes of violet flame** commitment is derived from a HeartStream by Saint Germain delivered on January 20, 2018. The Master says to us, "Portia and I are looking forward to your event at Mount Shasta in July, for a great convocation of violet flame angels and masters will result in a great shift in awareness, a great leap in vibration there and throughout our Earth. We intend that you will be singing and praying your violet flame songs, mantras and calls then for **at least 90 minutes each day** to build a great momentum that we will use for even greater miracles and divine wonders to manifest for the last five months of 2018 and beyond! It will be glorious, and all will be raised in seventh-ray joy!"
6. **Surya yoga** is an advanced yoga technique which assists an individual to obtain energy and food from sun rays and gradually to merge with high levels of consciousness. Ronald will teach the introductory exercises developed over the years by Yogiraj Siddhath, a disciple of Babaji.
7. At the **marriage blessing ceremony**, Omri-Tas will draw down a replica of the Violet Planet, which has been blessed by the light of all married initiates of the violet flame. The blessing is for couples getting married as well as a re-consecration of vows for couples already married.
